

PATTERN THEMED DIFFERENTIATED BLOCKS

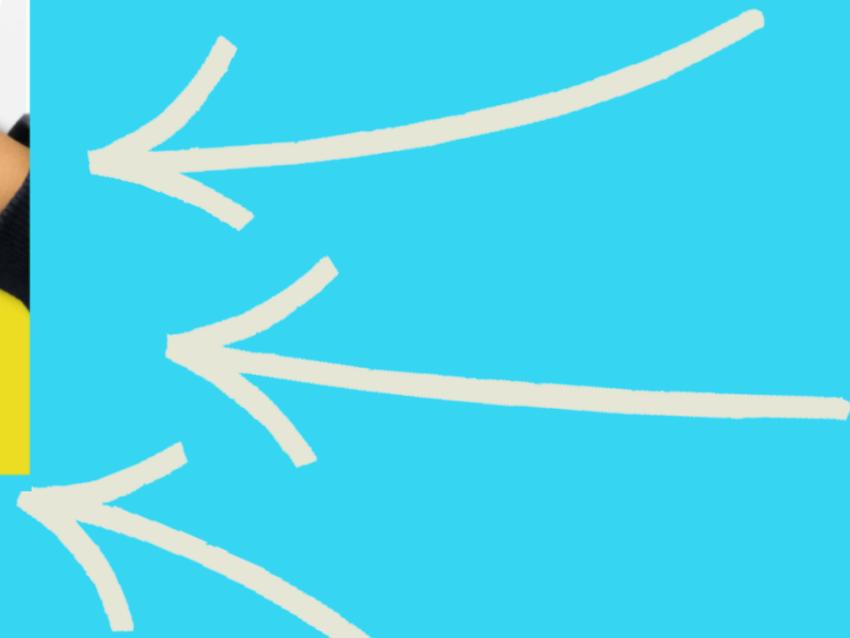

JANUARY | WINTER

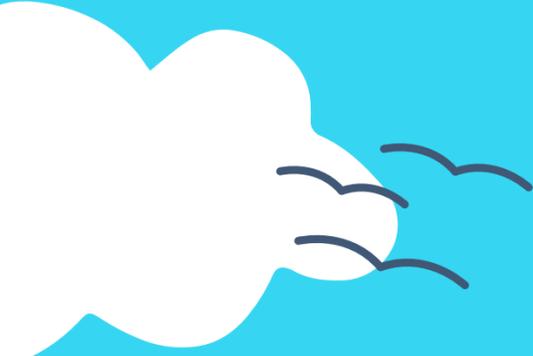

10 DIFFERENT DESIGNS

DIFFERENTIATED FOR... **K-5**

Are you looking
for engaging
math
activities?

No Prep!

No laminating, color ink (color & B/W options are provided), cutting, etc. Just print and your students will enjoy these engaging math activities.

WHY

PATTERN

BLOCKS?

Master Shapes

Keep students engaged with these FUN shape puzzles. Students will compare and combine shapes to create a holiday themed tangram. Help your students explore and investigate mathematical concepts and shapes with these pattern block puzzles.

Directions and Helpful Hints Are Provided

Differentiation

Students can build shapes on color coded mat.

Students can work from outlined shapes or mosaic outline.

Miniature cards can be used as helpful hints or just by themselves.

Choose from outlined shape or name of shape to record how many shapes used.

Pattern Block Puzzles

January

Keep students engaged with these FUN shape puzzles. Students will compare and combine shapes to create a holiday themed tangram.

Each tangram is differentiated to meet all students needs. Each pattern includes six options* which allows you to adjust difficulty level; color mat, miniature card, outlined with shape words, outlined with shape outline, solid white with shape words, and solid white with shape outline.

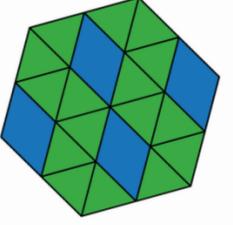

******Please note: print in "actual size"******

*Except is the Fireworks, since shapes are used and not combined.
