Tic-Tac-Toe

Print Tic-Tac-Toe page and laminate. Students will say the word prior to marking with an X or an O. Students will use dry erase markers to mark X's and O's.

The first player is known as X and the second is O. Players alternate placing X's and O's on the game board until one player has three in a row or all nine squares are filled. If the spaces are filled it is called a cat game.
